

JARVIS POULTRY STUNNER

Model: JK-2

- Sturdy, Stainless Steel Stand for rust-free operation.
- Two SS rods with adjustable width submit the poultry to electric shock.
- 5 way Rotary Switch for voltage adjustments between range of 70V to 230V.
- Circuit breaker and Emergency stop for safe operation.
- How to use: Operator holds the poultry by its feet and places the poultry's head between the two bars to stun it. After being stunned, poultry can be easily bled.
